- Bases
 - Bleach
 - Caustic Soda
 - KOH
- Aromatics
- Phosphates

Full Line of Industrial Lubricants and Grease

Authorized Distributor for Axel Royal Manufacturing

PowerPac Frac Pump Grease

Heavy Duty, Tacky

Royal 865M Valve Grease

Heavy Duty Moly5 Calcium Sulfonate Complex Grease

Chemical SCM and Last Mile Logistics

Comal Chemical delivers supply chain solutions and Last Mile delivery capabilities that solve the inherent problems of traditional, age-old, chemical distributor and broker offerings. We specialize in "Just in Time" deliveries to meet our customers needs.

JIT
Deliveries

CIMS

Chemical Inventory Management System

CIMS monitoring provides:

- JIT Deliveries
- Remote access to inventory levels via cell or computer
- Auto “keep full” services available
- Reduces manpower costs to manage inventory
- Monitor Usage History
 - Forecast Refills
 - Detect theft or leakage issues
- Eliminates down-time due to chemical inventory outages

Use Case : Chemical Inventory Management System (CIMS)

CHALLENGE / PROBLEM DEFINITION

- 360 Visibility across the Supply Chain and Dynamic inventory management

SOLUTION APPROACH

- IoT monitoring of levels onsite storage
- Easy alarm and notification setup around desired customer parameters
- Develop solution architecture
- Develop web, applications , dashboard based on chemicals and location
- Methodology for capturing sensor data / feedback using cloud / Pilot demo

VALUE PROPOSITION

- Visibility of inventory across the supply chain ecosystem
- Assured raw material supply
- JIT supply scheduling, demurrage reduction
- Better resource usage and lower inventory
- Monitor usage history to help

SCHEDULE AND DELIVERABLES

- Delivered an operational IoT based system, reports, alerts, on web/Android/ iOS

Bulk and Packaged Chemicals

Whether your specific chemical requirement is in drums, totes, bulk, mini-bulk or railcar...

We can customize our services to meet your specific requirements

Strategically Located Distribution

Chemical Logistics

Multi-modal chemical logistics services

- Rail to truck chemical transloading
- “Last-Mile” bulk delivery to the customer

Technology Driven Logistics Management

- Chemical Inventory Management System (CIMS)
- Remote Tank Level Monitoring
 - Liquid Chemicals (corrosive and Non-corrosive)
 - Lubricants and Greases
 - Water
